I'm a Humber College graduate student who is pursuing a passion for software development. With a focus on fullstack development, I enjoy creating responsive and user-friendly web applications that solve real-world problems. My journey in tech started with a curiosity about how websites work, which led me to explore various programming languages and frameworks. Today, I'm constantly learning and improving my skills to stay current with industry trends. When I'm not coding, you can find me exploring new technologies, contributing to open-source projects, or collaborating with other developers on innovative solutions.

Experience

APRIL 2024 – DECEMBER 2024

Controller Technician Assistant | Belnor Engineering Inc. | Toronto, Ontario

Installed and configured Honeywell controllers and integrated sensors, ensuring high-performance compatibility with existing systems. Performed preventative maintenance and troubleshooting to minimize system downtime. Developed hands-on skills in conduit work, panel setups, and Cat 6 cable crimping, contributing to reliable system installations and robust field performance.

JULY 2023 – SEPTEMBER 2023

Database Developer Intern | MODEL BİLGİ İŞLEM | İstanbul, Türkiye (Remote)

Assisted in developing and optimizing SQL queries and stored procedures to support data-driven applications. Contributed to the design and implementation of scalable database schemas, ensuring efficient data storage and retrieval. Troubleshoot database issues to maintain consistent system uptime.

AUGUST 2022 – APRIL 2023

Assistant Electrician | AYDIN Elektrik | Bursa, Türkiye

Supported installation of electrical systems across residential, commercial, and industrial projects, adhering to national safety codes. Assisted with circuit layout and wiring, contributing to safe and efficient power distribution. Gained valuable experience in real-world electrical infrastructure projects.

Education

JANUARY 2024 - MAY 2025

Associate's Degree, Computer Programming | Humber College | Toronto, ON

GPA: 81.58 • 3× Dean's Honour List

Course highlights: Advanced Database Programming (100%), Modern Web Technologies (92%), Web Application Development (91%)

Skills: React.js, JavaScript, Node.js, Python, Java, Spring Boot, MySQL, MongoDB, Oracle Database

SEPTEMBER 2022 - DECEMBER 2023

Coursework, Internet and Network Technologies | Ondokuz Mayıs Üniversitesi | Samsun, Türkiye

Completed focused coursework in web and network technologies

Skills: PHP, MySQL, C, JavaScript, CSS, HTML

Certifications

ISSUED AT SEPTEMBER 2024

Postman Student Expert Certification | Postman

ISSUED AT SEPTEMBER 2024

JavaScript (Intermediate) Certification | HackerRank | Credential ID: B2607B4B8153
